President's Foreword . . .

The 45th year of our service to the Mothers and Babies of Victoria has been a happy and rewarding period as the pages of this Report amply demonstrate. Special efforts have been made to promote a wider community knowledge of our increased facilities so that they may be fully utilised. We are indebted to the Australian Broadcasting Commission and to Mr. Russ Tyson in particular that publicity for our work has been broadcast throughout Australia and overseas in their Hospital Half-hour programme.

The members of the Central, Footscray, Plunket and Primrose Auxiliaries and the Women's Group have worked assiduously in support of the Council, its Office-bearers, the Matron and her staff.

I desire to thank all our workers and friends for their personal and financial support, which has enabled us to meet all calls for hospital care, training and advisory services throughout an interesting and encouraging year.

Bena Angliss,

President.

Matron's Report . . .

1965 has brought many distinguished visitors from overseas and others to see the new sections of the Hospital and to enquire of the work done during the Course of Mothercraft and Infant Welfare, including service given to Mothers and Babies, Child Care and Management.

Visitors: The Committee and Staff Members were honoured by the visit of Lady Delacombe and Party who inspected the hospital and had morning tea in the Nurses' Home. Approximately 200 people have been shown over the hospital in the twelve months under review.

Auxiliary: Primrose Nurses' Auxiliary has helped with functions and collecting on "Wattle Day" in August, and with the making of Babies' Layettes. A donation of two hundred pounds towards the Maintenance Fund was received.

Mothercraft and Infant Welfare Training: It is gratifying to supply figures which show the increased demands by the fourteen to eighteen year age group of girls to do the fifteen month Mothercraft Course.

Enrolments for 1966, 1967 and 1968 are well above the requirements. At present, there are 24 Mothercraft Students in training and 12 Infant Welfare Students.

The last twelve months' figures suggest a continuing upward trend in both sections of training in Child Care.

The first Mothercraft Student from Bangkok enrolled in March, 1965. Infant Welfare Students from interstate and overseas make interesting reading:

1955-57 (3 years): Six from Singapore
Two from Fiji
One from Penang
Forty-one from Australian States.

1958-64 (7 years): The numbers doubled.

In the July, 1965, term we have two Singapore students in training and six students now doing Midwifery are booked to commence. State Registration Examination results for Infant Welfare Students are most rewarding, as many have passed with high marks and distinction, the result of four months' study with valuable assistance from all lecturers.

Staff: It is very pleasing to record the appointment of Miss M. Ballard as Deputy Matron from March, 1965. I would also like to include my appreciation and sincere thanks to Sisters Mibus and Hawker and the members of the domestic staff for their co-operation and understanding others' problems during a busy period of adjustment to the demands of a now much bigger hospital.

It is a pleasure to include the many folk who have given very generously to the Toddlers' Wing — toys, prams and clothing.

In conclusion, on behalf of my staff and myself, grateful thanks are extended to our very valuable Members of the Committee of Management, who give time and excellent service to work that is interesting and satisfying to all.

E. E. GRAHAM,
Matron.

Report of the Finance and Administration Committee

With the completion of our rebuilding programme the activities of both the Hospital, including the Toddler's section, and the Training School have been carried on under more comfortable conditions for Mothers and Babies, students, Matron and staff alike. Our chief concern now is to ensure that our improved facilities are still more widely known and consequently fully utilised.

Despite increasing costs of Hospital supplies, food, equipment and administrative expenses generally, the encouraging response of our members and supporters has enabled us to finish the year with only a small operating deficit. It is clear that still greater assistance will be necessary in our 46th year by way of Government Grants and personal donations, as substantial rises in many items of expenditure are certain and unavoidable in the interests of efficient Tweddle services.

It is anticipated that the long-awaited Book of Remembrance will be placed in the Hospital Foyer before the end of 1965 and afford a valuable point of interest for the many visitors who continue to come from Victoria, Interstate and Overseas.

During the year we were happy to welcome Sister Ballard as Deputy Matron and thus to reduce the heavy burden of responsibility which Matron Graham has so cheerfully shouldered for the past fifteen years.

Our medical consultants and lecturers continue their invaluable contribution to the maintenance of the high standards of baby care and student tuition set by our founders in 1920.

The Committee meets monthly at the Hospital. Each member undertakes the supervision of a segment of our total activities to ensure a continuous coverage of all aspects of finance and administration.

We record with gratitude the continued interest and ready assistance of the members of The Hospitals and Charities Commission, the Department of Health and its Maternal and Child Welfare Branch, all of which plays so important and indispensable a part in the success of our community undertaking.

A. S. H. Gifford,
Chairman.
