President's Foreword

I feel that the Tweddle Baby Hospital is making a great contribution to the needs of child care in Australia, through its Infant Welfare and Mothercraft graduates and its help to baby and toddler patients and their parents.

It is with pleasure that I pay tribute and sincerely thank Matron and her Staff, our Honorary Medical Lecturers and Consultants — Dr. Glyn White, Dr. L. E. G. Sloan, Dr. P. Phelan, Dr. G. Gillam, Dr. A. D. Wilson, and Mr. R. Smithwick (dental lecturer), members of Council and Auxiliaries, the Government of Victoria and all our wonderful donors.

Due to their enthusiasm and unselfish dedication "Tweddle" has had another rewarding year of service to our country.

Bena. Angliss

President.

Report of the Finance and Administration Committee

We are deeply grateful for the continued, generous support of our regular donors and friends of the Hospital and Training School, which together with the assistance of our State Government, enabled Tweddle to maintain a high standard of efficiency and provides for the serious rising costs of administration and maintenance of the buildings, plant and furnishings.

The Endowment Fund Reserve for the year ended 30th June, 1975, was increased by \$33,620 which included a splendid donation of \$20,000 from Mrs. Diana Gibson, \$10,000 from the William Angliss Charitable Fund and \$2,000 Mr. C. Kingston, O.B.E., and \$1,125 estate late G. F. Green. Income from the investment of the fund contributes substantially to the maintenance costs of the hospital.

It is again my pleasure, on behalf of the Finance and Administration Committee, to place on record our very special appreciation to Matron Ballard, and her staff, for the usual high standard of administration during another difficult year of staff shortages and increasing costs.

Finally, we are indeed fortunate to continue to have the highly valued experience and advice of our secretary-manager, Mr. John Fanning, and honorary treasurer, Mr. Howard Webb.

MATRON'S REPORT

I feel that amongst the many pleasant reasons we have had for rejoicing at "Tweddle" this year, surely the one that takes priority was the wonderful news early in the new year of the great honour of Dame Commander of the British Empire being bestowed upon our loved and devoted president, Dame Jacobena Angliss, by Her Royal Highness, Queen Elizabeth II, for her outstanding and unflinching support and service to many people over a great number of years.

Dame Jacobena has been a tower of strength and an inspiration to all who have had the privilege of knowing her, not only at this hospital; but, in many parts of the world.

The parents and children who have been admitted to our care over the last year have had the great fortune to have been given the most expert advice and medical care by our wonderful paediatricians.

The Nursing Staff and I wish to place on record our sincere appreciation to the following people for their great assistance:—

Doctors: J. G. White, L. E. G. Sloan, P. Phelan, G. Gillam and the Paediatric Registrars seconded to us by the Royal Children's Hospital — without their expertise we could not assist families as we do.

Miss Mibus with Maree at Tweddle.

Miss Hilda Mibus. It was with regret that we accepted the resignation, due to illness, of Hilda Mibus, after eleven years of devoted service at "Tweddle".

Hilda was loved by committee and council members, lecturers, medical, nursing, clerical and domestic staffs, parents and children alike. She showed great compassion and love

for everybody. We do wish Hilda the very best of everything in her retirement.

Miss Mibus attended a morning tea party at the hospital and on behalf of the council and committee, Dame Jacobena presented her with a gold watch in appreciation of her loyal and wonderful service.

GRADUATION DAY: May 23rd, 1975

Dame Jacobena warmly welcomed distinguished guests, members of council and committee, graduates, relatives and friends to our Graduation.

Mrs. Joy Snedden presented badges and certificates to the graduates and expressed her admiration for the work they were doing in the community.

Mrs. A. R. Angliss presented special prizes to the following graduates for outstanding results in the State Examinations:—
Mrs. Elizabeth Orr — Infant Welfare Graduate,
Mrs. Ellery McGowan — Infant Welfare Graduate,
Miss Glenda Forbes — Mothercraft Nurse Graduate.

Doctor L. E. G. Sloan congratulated the graduates and spoke of the importance of the work in which they would become involved.

Mr. W. K. Wilson then spoke to all present concerning the functioning of our Training School over the last twelve months, and also wished the graduates well.

INFANT WELFARE GRADUATES:

Helene McIntyre, Bernice McInnes, Sandra Hunter, Christine Munro, Lorraine Pratt, Elizabeth Orr, Valerie Jeffery, Sheena Scholten, Lynette Welsh, Karen Daisley, Virginia Butcher, Ellery McGowan, Rosemary Hoffman, Yvonne Wickham, Barbara Rice, Carol Morley.

MOTHERCRAFT NURSE GRADUATES:

Carolann Crouch, Jillian McKinnon, Janice Tobin, Susan Gilbert, Ann Wirth, Anne Coad, Jenni Salathiel, Jane Davies, Katrina Daniels, Susan Watson, Jillian Gore, Amanda Keast, Ann Pabst, Maureen Pollock, Kerrie Taylor, Nerida Phelts, Glenda Forbes, Amanda Bradley.

Graduates came from many different fields in child care to be with us on Graduation Day.

After graduating, Anne Coad and Katrina Daniels, two mothercraft nurse graduates, proceeded to Alice Springs to work amongst the aboriginal children.

Sister Bernice McInnes gave very valuable service at "Tweddle" following her graduating in infant welfare, and we were sorry when she left us to go to Ocean Island to gain experience in tropical nursing. Our very best wishes went with her for her future career.

A new Footscray Auxiliary was formed in May with Miss Iris Williams president, Mrs. Sika Kerry honorary secretary, and Mrs. Phyl. Carlson honorary treasurer. The latter two are members of the Footscray City Council. Their first function, a luncheon party, raised \$500, generously supplemented by a personal donation of \$500 from the president. The auxiliary plans a number of other functions.

NATIONWIDE CATERING SERVICE:

Early in December, 1974, the committee of management of the hospital employed a catering service. This service has proved to be an excellent one. We have been well served by the following people:—

Mr. Andre Grivas (regional manager), Mr. Peter Anderson (chef manager), Mrs. Hilda Brown (chef's assistant) and Mrs. Dorothy Young (relieving assistant).

The menu has been quite varied and extremely tasty.

The dining-room also has a pleasant and friendly air about it and to the above people we say, "Thank you so much".

Throughout an extremely difficult yet rewarding year, I should like to express my very warmest appreciation to the following people for their loyalty and staunch support:—

Dame Jacobena Angliss, Mr. and Mrs. Adrian Gibson, the Committee of Management, the Hospital Council, the Central Auxiliary, the Plunket Auxiliary, Lecturers, Dr. A. D. Wilson, Mrs. Joan McDonald, Mrs. Nancy Clark, Miss Margaret Craig, Mrs. Julie Dearing, all nursing staff and students in training, Mrs. Lawson, Mrs. J. Searle, Mrs. G. Duncan, Miss B. Rosenberg, Mr. B. Calnan and all the people concerned for the well-being of others.

Margot N. Ballard

We interview
Dr. J. GLYN
WHITE

J. Glyn White was born in 1909 at Drummond North near Malmesbury in Central Victoria. His grandfather was a pioneer settler in the Rushworth district where he was a grazier on a merino sheep run.

Doctor Glyn White graduated M.B., B.S., at Melbourne University in 1935 and was a resident and registrar at St. Vincent's Hospital, Melbourne, for two years.

In 1938 he went to England to study at the British Post Graduate School of Medicine, the London Hospital and the Great Ormond Street Children's Hospital.

His post graduate studies were interrupted at the outbreak of the second world war on September 3rd, 1939. Having served in the militia from 1928, he held the rank of captain in the Australian Army Medical Corps at the time war was declared. He enlisted at Australia House, London, and returned to Australia on November 29th, 1939, and was in camp two days later.

His appointments included:—

June, 1940 — Deputy Assistant Director of Medical Services in the 8th Australian Division, with rank of major.

January, 1941 — posted to Malaya, as Senior Administrative Medical Officer, A.I.F., Malaya.

September, 1941 — promoted to Lieutenant-Colonel and appointed Assistant Director of Medical Services, Administrative Headquarters, A.I.F., Malaya.

On February 16th, 1942, he became a Japanese prisoner-of-war at Changi, Singapore. He remained a P.O.W. for the next three and a half years until the Japanese surrendered on August 15th, 1945. While a P.O.W., he was from August 1942, in charge of Australian P.O.W. Medical Services. In 1943 he was Medical Officer-in-Charge of British, Australian and Dutch P.O.W. Medical Services at Changi.

He entered general practice in 1946, and was appointed Honorary Associate Physician at the Royal Children's Hospital in the same year.

In 1948 he was appointed part time Medical Officer-in-Charge of the Cerebral Palsy Clinic at the Royal Children's Hospital and also practised as a specialist paediatrician.

From 1946 he was Honorary Medical Officer of the Presbyterian Babies' Home for 21 years. His services with the armed forces continued. From 1948 he was Deputy Director General of the Royal Australian Army Medical Corps. In 1951 he was appointed Director of Medical Services, Southern Command, and held this appointment for 17 years.

From 1954 to 1959 he was Honorary Neo-natal Paediatrician to the Footscray and District Hospital, as it was then known.

His association with the Tweddle Baby Hospital commenced in 1955, when he was asked to relieve temporarily Dr. Mary

Fraser, as a lecturer and Honorary Medical Officer at "Tweddle". He has continued ever since and has served "Tweddle" now for 20 years. He no longer lectures to the students, but is Honorary Consultant Paediatrician to "Tweddle" and is also a member of the finance and administration committee and a vice-president of the council.

Dr. Glyn White's capacity to serve seems inexhaustible as from 1960 until 1969, he was Honorary Paediatrician to the Royal Women's Hospital, Melbourne. Since 1969 he has been chairman of the National Blood Transfusion Committee of the Australian Red Cross Society.

He says there will always be a need for the Tweddle Baby Hospital and similar institutions. They have a role to play that cannot be provided by any other means, as theoretical training in infant welfare and mothercraft must be combined with practical experience.

He considers that it is important that the family unit be maintained in Australia. The happiest children come from homes with a family atmosphere. If both parents work full time, it must produce a feeling of insecurity in the children. It might be desirable, he thinks, for governments to make it financially possible for parents to maintain this family atmosphere.

Dr. and Mrs. Glyn White has one son and one daughter and, so far, two grandchildren. He pays tribute to his wife for her wonderful support and understanding over so many years, as his profession as a paediatrician has called for a seven day week over much of their married life.

Finally, it is noted that Dr. Glyn White has been honoured by the Queen. He has been awarded the C.B.E. and, in addition, carries the rare distinction of being appointed Honorary Physician to the Queen (Q.H.P.).

Mrs. Nancy Clark. Qualified Nurse Educator, who has given excellent clinical instruction and lectures to the students.

President's Foreword

I desire to thank most sincerely the Council and Hospital members and friends for their unfailing support in making possible the continuance of our work for the Mothers and Babies who have sought our help during the past year.

Our students enrolled both for infant welfare and mothercraft training courses have again fully maintained the high examination standards set by their predecessors.

In this training section we are greatly indebted to our Matron Ballard, staff and visiting lecturers for their skills and assistance throughout the prescribed curriculums.

We have been encouraged by the number of young women from city and country areas who desire to qualify in pursuit of our objectives.

MATRON'S REPORT

During the last year it has been so good to have been a member of a team of people who have joined together to give the best possible care to those who come to us for guidance concerning matters of Maternal and Child Health Care.

The continuing work of our wonderful auxiliaries is of tremendous value to our hospital.

Central Auxiliary, with their President Miss May Angliss, and members, have had many functions and excelled once again with their marvellous donations.

Footscray Auxiliary, with their President, Miss Iris Williams, and members, have been very active and have donated very generously also.

Plunket Auxiliary, with their President, Mrs. R. Clark, and members, have shown great enthusiasm in their fund-raising and they have also donated generously.

Doctor Dorothy Egan, Paediatrician, from Guys Hospital, London, visited "Tweddle" on 1st April, 1976. Dame Mary Herring, our Patroness, warmly welcomed Doctor Egan. Doctor J. G. White, Mrs. Adrian Gibson, members of auxiliaries, Infant Welfare Students and staff enjoyed morning tea with Doctor Egan.

Doctor Egan enjoyed our children and Doctor White explained to her the reason for the different children being at "Tweddle". We were privileged to hear such a talented woman speak of her work with children in London.

Dame Jacobena Angliss, Miss Baliard and members of the staff attended many functions over the past year, representing our hospital.

The Maternal and Child Health Division's 50th Jubilee Celebration was held in April of this year. Many excellent papers were given and those who attended found it a most profitable time.

Dame Jacobena and Miss Ballard represented this hospital at a reception given at Government House in honour of Her Royal Highness, The Princess Margaret, Countess of Snowden.

OBITUARY: We were sad to hear of the passing of Mrs. L. John and Miss W. Mulqueen this year. Both people were Infant Welfare graduates of this hospital and will be missed in the community.

GRADUATION DAY, 3rd JUNE, 1976: Dame Jacobena Angliss, with her usual charm, welcomed everybody to our Graduation. Dame Mary Herring spoke to the graduates and stressed the great importance of the work in which they would become involved.

Mrs. Lindsay Thompson presented badges and certificates to Infant Welfare and Mothercraft students.

Mrs. J. Bristow, Mayoress of Footscray, and a member of the Footscray Auxiliary, presented special prizes to Ellen Hinchcliff and Debra O'Neil for excellent results at the State Examination.

Doctor J. G. White spoke to the graduates and wished them well for the future. Doctor A. E. Wilmot spoke to those present and commented on the different areas associated with Maternal and Child Health that graduates were already involved in.

Messrs. W. K. Wilson and J. McDougall also congratulated the students and told of the work at "Tweddle".

For the very first time in the history of this hospital, a mother and daughter graduated together. Mrs. Rosamond Beale, a mother of eight children, graduated in Infant Welfare and her eldest daughter, Genevieve, graduated in Mothercraft Nursing.

CHRISTMAS DAY, 1975: Dame Jacobena visited the hospital on Christmas Eve as has been her usual custom over the years and distributed gifts to all. Christmas Day was both happy for the children and staff. This was made possible by many generous donations from so many kind people.

Nationwide Catering Service excelled on Christmas Day, and all agreed that the dinner was a delicious one. Mr. Andre Grivas, Mr. Peter Anderson and Mrs. Hilda Brown are to be congratulated on their great effort.

During the year several people returned to the staff of this hospital. Mrs. GEORGE FOLWELL

Mrs. G. Folwell with sons, Geoffrey and Glen, at Tweddle. Both children have been at this hospital with their mother.

June Folwell's first child was born in April, 1973. June was determined that she wished to breast feed her son, Geoffrey.

Unfortunately the hospital staff were too fully occupied to give the individual attention needed.

The hospital said she would need to bottle feed her son and wished to discharge her. June enquired whether there was anywhere she could go to obtain the necessary help.

A list of hospitals was given. From this list she selected the Tweddle Baby Hospital as it was the one most convenient to her home. Arrangements were made for her admission to "Tweddle".

On the seventh day, June was feeling despondent as sufficient milk was still not coming.

Opposite "Tweddle" is the Footscray Football Ground. It was a Saturday and Footscray was playing "at home". June wanted to go to the match. Matron said, "Why not?" So June went and she became thoroughly immersed in the game. This relaxed her — which was just what she needed.

On her return to "Tweddle" she found the milk supply had improved to the extent that she was able to fully breast feed Geoffrey.

One of the great benefits to her at "Tweddle" was that she was free of household cares, but was still able to see her hus-

band and even to go home to provide a meal for him. June also said that at "Tweddle" she was treated with love and consideration and freed from frustrations.

When her second son was born, she had confidence and was able to feed him immediately; but after three months the milk began to be insufficient.

June had the knowledge many mothers do not have — she knew where to come for assistance. Her second son, Glen, stayed at "Tweddle" for ten days and June came to the hospital each day.

Because she had to care for her first son at home, she could not reside at "Tweddle". Freedom from the responsibility for her failure to satisfy the needs of her second son, corrected the trouble.

Recently, June left her second son again at "Tweddle" for a period of two weeks, so that she, her husband and Geoffrey, could go away for a holiday.

This was a further wonderful benefit she received from "Tweddle".

June feels that not sufficient is known by the public of the services rendered by "Tweddle". Matron and her staff give such love and care to their baby patients that more people should know of the Tweddle Baby Hospital. It would be a great loss to Victoria if "Tweddle" ceased to ever exist, she declared.
